

CORPORATE GOVERNANCE

Corporate governance

Phoenix Mecano's corporate governance promotes transparent and responsible management of the business and sustainable value creation. This corporate governance report generally follows the structure of the Directive on Corporate Governance (DCG) published by SIX Swiss Exchange. The remuneration report follows in a separate section starting on page 43.

GROUP STRUCTURE AND SHAREHOLDERS

Phoenix Mecano is a global technology enterprise in the enclosures and industrial components sectors and has significant market shares in the international growth markets. It manufactures technical enclosures, mechanical components, electrical drives, electronics components and complete system integrations in its three divisions. Its important areas of application are mechanical engineering, measurement and control technology, electrical engineering, automotive and railway technology, energy technology, medical technology, aerospace technology, and home and hospital care.

The Group is split into three divisions: Dewert-Okin Technology Group, Industrial Components and Enclosure Systems. Within these divisions, parent companies responsible for product management operate with the help of global production sites and sales companies. In Switzerland, Phoenix Mecano is present at two locations: Kloten, from where Phoenix Mecano Management AG runs the Group's operations, and Stein am Rhein, which is home to the headquarters of the Group's holding company as well as to Phoenix Mecano Komponenten AG, which distributes Phoenix Mecano's various product ranges in Switzerland.

The Group's overall structure has always been very lean. Operational responsibility lies with the management. The Extended Group Leadership Committee, including the operational managers of the Group's divisions, main business units and regions, as well as sales and distribution, assists with the coordination of business activities. The Group's operational structure is presented on pages 41 and 42. Detailed information about the scope of consolidation can be found on pages 63 to 65 of the consolidated financial statements. None of the shareholdings is listed. For DewertOkin Technology Group Co., Ltd., preparations are being made for a partial listing in China.

Cross-ownership

There is no cross-ownership between the subsidiaries or between the subsidiaries and the parent company.

Shareholders' agreements

There are no shareholders' agreements.

CAPITAL STRUCTURE

Since Phoenix Mecano AG has issued no nominal shares, there are no limits on transferability.

Convertible bonds and options

There are no convertible bonds and no options.

BOARD OF DIRECTORS

The Board of Directors is the company's senior management body and comprises at least four members. In 2022, the Board of Directors had five members. It usually holds meetings quarterly. Four Board of Directors meetings took place in 2022, each lasting an average of four hours.

Elections and terms of office

The members of the Board of Directors are elected individually by the Shareholders' General Meeting for a term of one year until the end of the next ordinary Shareholders' General Meeting. There are no restrictions on re-election. The Chairman is elected by the Shareholders' General Meeting from among the members of the Board of Directors for a term of office of one year, until the end of the next ordinary Shareholders' General Meeting. This term may also be renewed. The Board of Directors designates someone to take the minutes, who does not necessarily have to be a member of the Board of Directors.

Definition of areas of responsibility

The powers of the Board of Directors are set out in the Swiss Code of Obligations as well as in Phoenix Mecano AG's Articles of Incorporation, which state that the Board of Directors is entitled to transfer the management or individual branches thereof and the representation of the company to one or more of its members or to other natural persons, pursuant to its own rules of procedure governing organisational matters, except where mandatory legal provisions stipulate otherwise. To this end it may set up committees, appoint, monitor or recall delegates or appoint a management comprising one or more of its own members or external persons. The Board of Directors determines the powers and obligations of committees, delegates, management, deputy directors and executives with a power of attorney. The Board of Directors is authorised to take decisions provided that a majority of its members is present.

Decisions are taken by a majority of votes cast by those present. In the event of a tie, the Chairman has the casting vote. If the Chairman is unable to attend or is excluded from the decision-making, the Independent Lead Director has the casting vote. By law and pursuant to the company's Articles of Incorporation, the Board of Directors has the following main duties and powers:

- Preparation of the proceedings of the Shareholders' General Meeting, especially the annual report, financial statements and proposals on the appropriation of earnings
- Determination of corporate goals and the principles underlying corporate policy and strategy
- Determination of the company's policy on risks
- Decision-making regarding the establishment or cessation of major divisions of the company and authorisation of the acquisition or disposal of shareholdings, plus authorisation of any changes to the legal structure of the Group
- Decision-making on the budget and medium-term planning (product and market strategy, financial and investment guidelines)
- Allocation of signatory powers to members of the Board of Directors and determination of the principles governing signatures below that level
- Determination of the principles of reporting to the Board of Directors, approval of the principles governing the company's finances and accounts and also internal and external audits
- Preparation of the remuneration report

The Chairman performs an executive role. In the event of potential conflicts of interest, the Chairman is represented by the Independent Lead Director. The Chairman's executive duties include in particular:

- Representing the company and the Group externally and overseeing public relations, including media contacts and corporate identity, as agreed internally with the CEO
- Monitoring compliance with and enforcement of Board of Directors' decisions
- Setting HR and wage policy, including pensions, unless otherwise determined by law, the Articles of Incorporation or the rules of procedure governing organisational matters
- Overseeing the acquisition and sale of investments and submitting proposals for approval to the Board of Directors
- Monitoring subsidiaries' budgeting processes.

Number of permitted activities pursuant to Article 12(1)(1) ERCO (rules laid down in Article 22 of the Articles of Incorporation)

Members of the Board of Directors, the management and any advisory board may not hold or perform more than the following number of additional positions or activities in senior management or administrative bodies of other legal entities which are required to register themselves in the commercial register or an equivalent foreign register and which do not control or are not controlled by the company:

- 5 mandates with companies whose equity securities are listed on a stock exchange, where multiple mandates with different companies belonging to the same group count as one mandate; and
- 10 paid mandates with other legal entities, where multiple mandates with different companies belonging to the same group count as one mandate; and
- 10 unpaid mandates, where the reimbursement of expenses is not considered as remuneration.

Mandates fulfilled by a member of the Board of Directors or the management at the instruction of the company are not covered by this restriction on additional mandates. There are no rules in the Articles of Incorporation that differ from the statutory legal provisions with regard to the appointment of the Chairman of the Board of Directors, the members of the Compensation Committee or the independent proxy.

Cross-linkage

There is no cross-linkage. In other words, no member of the Phoenix Mecano AG Board of Directors serves on the supervisory board of a listed company of a fellow member of the Board of Directors.

Internal organisational structure

The Board of Directors is deliberately kept small and usually performs its duties collectively. The Audit Committee, first set up in 2003, is primarily responsible for monitoring external audits. In that task it is supported by the Internal Auditing Department. The Audit Committee is chaired by Dr Florian Ernst in his capacity as a non-executive member of the Board of Directors. Dr Ernst is a certified auditor and has the necessary knowledge and experience of finance and accounting. Another member of the Audit Committee since 2003 is Ulrich Hocker, a non-executive member of the Board of Directors. Mr Benedikt A. Goldkamp, Chairman of the Board of Directors, has been an Audit Committee member since 28 September 2016. These members were proposed to the 2022 Shareholders' General Meeting for election individually and re-elected. The CFO also attends meetings.

The Committee met twice in 2022. Each meeting lasted an average of three hours.

The Audit Committee works in an advisory capacity and prepares draft resolutions and recommendations for the attention of all members of the Board of Directors. Decisions are taken by the whole Board of Directors.

The Compensation Committee is the remuneration committee required by the Swiss Ordinance

against Excessive Remuneration in Listed Companies Limited by Shares (ERCO). The Compensation Committee meets as often as required, but at least once a year. One meeting took place in 2022, lasting half an hour.

The existing members Beat Siegrist, Ulrich Hocker and Dr Martin Furrer were proposed to the 2022 Shareholders' General Meeting for election individually and re-elected. The Compensation Committee draws up proposed remuneration guidelines for the Board of Directors and management. It can call in external compensation specialists to offer neutral advice or provide studies or data as a basis for comparison in setting remuneration. It also makes recommendations for Board of Directors compensation and the fixed and variable remuneration components for management.

It prepares the Board of Directors' decision concerning the remuneration of the Board of Directors and management and submits a proposal to the Board of Directors on this matter. Based on the Compensation Committee's proposal, the whole Board of Directors decides on the remuneration of members of the Board of Directors and management and submits its decision to the Shareholders' General Meeting for approval, in accordance with the Articles of Incorporation. The Chairman of the Board of Directors attends meetings of the Compensation Committee in an advisory capacity. He leaves the meeting when his own remuneration is being discussed. The CFO also attends meetings. The management has no say in determining its remuneration.

Information and control instruments vis-à-vis the management

The Board of Directors has a number of instruments to enable it to perform its duties vis-à-vis the management to the fullest extent. For example, the company has a management information system encompassing all Phoenix Mecano Group companies. It includes detailed balance sheet and statement of income figures and enables the company to obtain a quick and reliable picture of the income and assets of the Group, divisions or individual product areas and companies at any time. Reporting takes place monthly. The Chair-

man of the Board of Directors discusses the earnings and financial position with the management on a monthly basis. Regular meetings with members of the management ensure that the other Board members are fully informed and have a sound basis for decision-making.

Set up in 2002, the dedicated, full-time Internal Auditing Department is accountable to the Board of Directors and reports directly to it. Key audit issues in 2022 were accounts receivable and inventory management, the internal control system, the risk management system, transfer pricing documentation, compliance, tangible assets, IT and reporting. The review of ongoing construction expenditure at one company was continued in 2022. In addition, a review of compliance with sanctions against Russia was carried out at four German companies. A quality assessment performed by an external auditor (PricewaterhouseCoopers GmbH Wirtschaftsprüfungsgesellschaft, Frankfurt, Germany) in early 2022 confirmed that the Phoenix Mecano Group's Inter-

nal Auditing Department complied with international standards. A quality assessment is carried out every five years.

A Group-wide risk management system was introduced in 2002 and a Group-wide internal control system in 2008. Both systems have proved invaluable and are continuously updated. Integrated software for both areas was rolled out in 2012. An in-depth review of internal control guidelines took place in 2014, covering control requirements and frequencies as well as documentation requirements. Risk management system processes were optimised in 2016.

Information on risks and how they are dealt with can be found in the risk management section on page 26 and in notes 21 and 22 to the consolidated financial statements on page 79.

SHAREHOLDERS' PARTICIPATION RIGHTS

Voting rights and proxy voting

Each share entitles the holder to one vote at the Shareholders' General Meeting. There is no restriction on voting rights. Shareholders may be represented at the Shareholders' General Meeting by their legal representative, another third party with written authorisation or the independent proxy. All of the shares held by a shareholder can only be represented by one person.

Instructions to the independent proxy

The Board of Directors ensures that shareholders can also transmit their proxies and instructions to the independent proxy by electronic means. The Board of Directors determines the requirements applying to proxies and instructions. In the run-up to the ordinary Shareholders' General Meeting, shareholders can transmit their proxies and instructions to the independent proxy by electronic means. The independent proxy is elected for one year by shareholders at the ordinary Shareholders' General Meeting.

Quorums required by the Articles of Incorporation

Unless the law or the company's Articles of Incorporation stipulate that decisions be taken by a qualified majority, the Shareholders' General Meeting takes decisions by means of an absolute majority of the votes cast, irrespective of the number of shareholders present or the number of votes. In the event of a tie, the Chairman has the casting vote, except in elections, where the final decision will be taken by lots if need be.

The adoption and amendment of the Articles of Incorporation and any decisions entailing an amendment of the Articles of Incorporation must be approved by three quarters of the votes cast, irrespective of the number of shareholders present or the number of votes.

Convocation of the Shareholders' General Meeting / Inclusion of items on the agenda

The Shareholders' General Meeting (GM) is the company's top body. It is headed by the Chairman. Invitations to the GM are issued at least 20 days in advance of the meeting by means of a single announcement in the company's publications. The invitation must contain the agenda of the meeting and the proposals by the Board of Directors and shareholders who called for the convocation of a Shareholders' General Meeting or the inclusion of an item on the agenda. Shareholders representing shares totalling 3 % of the share capital may request the inclusion of an item on

the agenda. The written request including the shareholder's agenda items and proposals must reach the company at least 45 days prior to the Shareholders' General Meeting.

Shareholders' rights

All shareholders are entitled to attend the Shareholders' General Meeting. To participate and make use of their rights to vote and submit proposals, they must demonstrate their share ownership.

Entries in the share register

Since Phoenix Mecano AG has only issued bearer shares, no share register is kept.

CHANGES OF CONTROL AND DEFENCE MEASURES

Duty to make an offer

The limit for the obligation to make an offer pursuant to Article 32 of the Swiss Federal Act on Stock Exchanges and Securities Trading is 45 % of the voting rights (opting up). Under the Swiss Stock Exchange Act, a potential acquiring company may be exempted from the obligation to make a public purchase bid (opting out). Phoenix Mecano has not made use of this possibility.

Clauses on changes of control

There are no change-of-control clauses. Nor are there any agreements about extending contracts in the event of a hostile takeover. This applies to serving members of the Board of Directors and management as well as to other executive staff.

AUDITORS

Duration of the mandate and term of office of the lead auditor

By a decision of the Shareholders' General Meeting on 20 May 2022, BDO AG, Zurich, were appointed as statutory auditors for the accounting and financial statements of Phoenix Mecano AG and as Group auditors of the consolidated financial statements of the Phoenix Mecano Group for a period of one year. BDO AG, Zurich, assumed the mandate as statutory and Group auditors in 2019. The lead auditor is Mr Christoph Tschumi. The lead auditor is replaced every seven years.

Auditing fees

In the reporting year 2022, BDO AG received fees totalling EUR 612 000 for auditing the 2022 financial statements and consolidated financial statements.

Additional fees

BDO AG received additional fees of EUR 56 000 in the reporting year for tax and legal advice. Tax consultancy is largely provided by KPMG in the interests of independence.

Auditing fees and additional fees

| in 1 000 EUR | 2022 | 2021 |
|------------------------------|------------|------------|
| Total auditing fees | 612 | 576 |
| Tax consultancy | 2 | 2 |
| Tax declaration | 4 | 6 |
| Miscellaneous ¹ | 50 | 8 |
| Total additional fees | 56 | 16 |
| Total | 668 | 592 |

¹ Mostly fees linked to audits for the planned partial IPO of the DOT Group.

Audit supervision and control instruments

Phoenix Mecano has a dedicated full-time Internal Auditing Department and a Board of Directors' Audit Committee. The external auditors attended both Audit Committee meetings in the reporting year. They inform the Audit Committee, both orally and in writing, of the outcome of the Group audit and the audit of the financial statements of Phoenix Mecano AG. Specific observations relating to the audit are presented to the Board of Directors in the form of a comprehensive report.

The Audit Committee assesses the auditors' performance and independence annually based on the documents, reports and presentations they produce and the relevance and objectivity of their observations. In so doing, the Committee also takes into account the opinion of the CFO. The amount of the auditors' fees is regularly reviewed and compared with the auditing fees of other industrial companies. It is negotiated by the CFO and approved by the Audit Committee. Other services provided by BDO are approved by either the CFO or the Audit Committee, depending on their scope.

All services performed outside the scope of the statutory audit mandate are compatible with the audit duties.

INFORMATION POLICY

Phoenix Mecano informs its stakeholders in an open and comprehensive way to create trust and promote understanding of the company. Its high level of transparency enables all stakeholder groups to make a full and accurate assessment of business development and prospects and the sustainability of management and corporate policy.

Relevant information about the Group's business activities is provided in its annual reports, semi-annual reports and media releases as well as at media and analysts' conferences and the Shareholders' General Meeting. Company representatives maintain regular contact with the capital market as well as media representatives, financial analysts and investors. This also includes roadshows in Switzerland and abroad and one-on-one meetings at the company's headquarters.

The calendar of events and publications and the contact details of the investor relations manager can be found on page 104. Detailed information is also available online at www.phoenix-mecano.com.

GENERAL BLACKOUT PERIODS

For permanent insiders (members of the Board of Directors and the management as well as employees who have regular access to insider information as part of their duties) and temporary insiders, Phoenix Mecano's insider guidelines stipulate fixed blackout periods during which they may not trade in securities (e.g. Phoenix Mecano shares). The fixed blackout periods start on the day after the end of the reporting period for the annual results (i.e. on 5 January), half-yearly results (5 July) and quarterly results (5 April, 5 October) and end at the close of the first trading day after the public announcement of the results for the relevant reporting period. The fixed blackout periods must be observed regardless of whether the person concerned believes that they have insider information.

The Head of Corporate Communications maintains a list of permanent insiders. These individuals have confirmed by signature that they have taken note of, and will adhere to, the insider guidelines. The Head of Communications informs permanent insiders by email about the start of the fixed blackout periods. In addition, the CEO may set variable blackout periods for permanent and temporary insiders.
